

Durable Wall Cladding
Colour for Every Environment

Colours for every environment

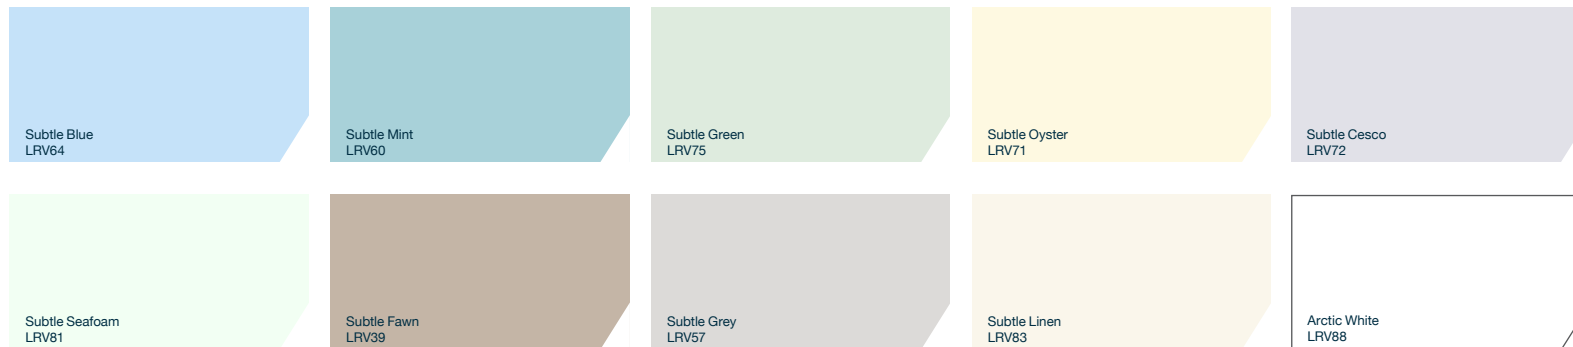

Striking

The vibrant and dynamic Striking range enhances and brightens any project whilst maintaining a watertight and hygienic environment. With an array of welcoming colours to choose from you can be sure to add a touch of luxury or create a corporate image to match the colours in your branding.

Stainless Steel

With many settings designed with Industrialism in mind, or stainless steel required around cooker area's, the brushed stainless steel is sure to meet your requirements.

Subtle

Add an accent of pastel colour to an environment to deliver a warm and inviting atmosphere for any visitor. Enjoy calm and relaxing colours which are impact resistant, hygienic and virtually maintenance free.

* LRV = Light Reflecting Value
